

EDOC Application: DO4870076810

Personal data

Last name	Jiang	First name(s)	Peifeng
Date of birth	02.05.2001	Gender	Male
Nationality	China	ID	✓ document downloaded
Contact language	English	Phone number	+8615846615927
Email	jpf@stu.pku.edu.cn		

Studies

Federal matricule	
-------------------	--

Diploma #1

Country	China		
Institution	Peking University [school]		
City	100871 Beijing		
Institution web site	http://english.pku.edu.cn/		
Major field of study	Other		
Other field of study	Visual Localization and Navigation		
Title of your degree as indicated on your official diploma and transcript	Master of Science		
Dates attended from	09.2023	Dates attended to	07.2026
Normal duration of study towards this degree	3		
Degree	Master	Graduation date	07.2026
GPA	3.95	Maximum possible grade	4
Country of home address	China	City of home address	
Institution diploma	✓ document downloaded	Institution grades	✓ document downloaded

Diploma #2

Country	China		
Institution	Dalian University of Technology [school]		
City	Dalian , Liaonig Province 116028		
Institution web site	https://www.dlut.edu.cn/		

EDOC Application: DO4870076810

Major field of study	Other		
Other field of study	Software Engineering		
Title of your degree as indicated on your official diploma and transcript	Bachelor of Engineering		
Dates attended from	09.2019	Dates attended to	07.2023
Normal duration of study towards this degree	4		
Degree	Bachelor	Graduation date	07.2023
GPA	91.5	Maximum possible grade	100
Country of home address	China	City of home address	
Institution diploma	✓ document downloaded	Institution grades	✓ document downloaded

Doctoral Program

Doctoral Program	Robotics, Control and Intelligent Systems
Application deadline	December 15 2025
Statement of objectives	✓ document downloaded
Scientific interests	Embodied intelligence and human-robot interaction; Learning and adaptation; Perception and sensing;
Potential host laboratories	Roshan Zamir Amir; Alahi Alexandre Massoud; Aminian Kamiar; Mathis Alexander;

Referees

Referee #1

Email	menfwang@scut.edu.cn	Title	Professor

Other information

If applicable, specify the web site where your publications are available	https://ziya-jiang.github.io/
List articles, books or other publications that you have authored, co-authored or inventions you have patented	ICRA-25 (Co-authored): A Unified End-to-end Network for Category-level and Instance-level Object Pose Estimation from RGB Images AAAI-26 (Co-authored): Debiased Multiplex Tokenizer for Efficient Map-Free Visual Relocalization ACAIT-23 (Authored, Oral): Object-oriented Novel Visual Odometry Architecture: An Exploratory Study TASE (Authored, Under-review): Uncertainty-Driven 3D Gaussian Splattin
List academic honors, prizes and fellowships you have received	Ranked 1st in the entire School cohort at Peking University (Master's Program) National Scholarship (top 0.2%)

EDOC Application: DO4870076810

	Peking University Academic Excellence (top 10%) Dalian University of Technology Excellent Graduate (top 10%) Dalian University of Technology Ethic Award Dalian University of Technology Merit Student Dalian University of Technology Learning Excellence Student (tier-1, top 10%)
Any other skills relevant for this application	Proactive learner with a proven ability to independently master and apply emerging technologies like 3DGS to robotics. Proficient in robust system engineering, bridging simulation (UE) and real-world deployment (DashGo robots). Experienced in leading projects, mentoring junior students, and collaborating effectively with international teams, demonstrating strong communication skills.

Validation

Comment	Please note that my English proficiency test score is currently pending. I will submit the official score report to the admissions office at the earliest possible opportunity.
How did you hear about EPFL's doctoral school?	via my fellow students of EPFL
